Keywords

quantity, multiline

Problem (public)

How to set a value corresponding the bottom line of the designation in "Quantity" line, during its multiline filling?

Solution (public)

Option "Align Single-line Texts at Bottom" should be enabled. The option is customizable for every BOM stile.
Enable necessary BOM style editing mode (menu "BOM-Styles setup"), select "Quantity" column, then push "Edit" button.
The Option is situated in the bottom of "Column Description" window.
